

ATF SP-IV

PRODUCT DESCRIPTION

Synthetic transmission fluid, designed for modern six-speed electronically controlled automatic transmissions A6LF1/2/3, A6GF1, A6MF1/2 of KIA and Hyundai passenger vehicles, which require ATF SP-IV specification. The product's special formulation provides improved performance versus competitive ATFs. The product has distinctive red color.

APPLICATIONS

- The product is designed for six-speed automatic transmissions mounted on luxury front wheel drive and four wheel drive passenger cars Hyundai Sonata / Opirus and Kia Optima, equipped with 1.4 - 3.8 l engines as well as for new Jeep Compass и Dodge Dart models.
- The product is suitable for some other models of six-speed automatic transmissions (see vehicle owner manuals).
- Do not use ATF SP-IV in transmissions, which require ATF SP, SP-II, SP-II M and SP-III automatic transmission fluids.

CUSTOMER BENEFITS

- The product provides excellent wear protection, effective heat exchange and maximized transmission durability.
- The product provides rapid and smooth shift and protects transmission components from high temperature deposits and corrosion.
- The outstanding low temperature flow characteristics provide the retention of accurate low temperature shift of transmissions.
- The product has extended service interval due to the exceptional oxidative stability and unique retention of performance characteristics.

MEETS SPECIFICATIONS AND REQUIREMENTS OF:

- Hyundai /KIA ATF SP-IV
- Hyundai 00232-1904/04500-00115

TYPICAL TEST DATA

CHARACTERISTICS	UNITS	VALUES	METHODS
Kinematic viscosity at: 40°C	cSt	25.6	ASTM 445
100°C	cSt	5.4	ASTM 445
Flash point	°C	200	ASTM D92
Pour point	°C	-55	ASTM D97
Density at 15 °C	kg/l	0.837	ASTM D4052
Viscosity index		165	ASTM D2270
Color		Red	ASTM D1500

STORAGE AND HANDLING GUIDELINES

- Avoid exposing products to direct sunlight.
- Cans, packed in cardboard boxes, must be stored in dry places. Avoid exposing products to moisture.
- It is highly recommended to store drums indoors on pallets and racks.
- If stored outdoors drums should be placed sidewise to avoid accumulation of moisture.

HEALTH, SAFETY AND ENVIRONMENT PROTECTION

Information on health, safety and environment protection is described in the product Safety Data Sheet (SDS). The SDS file contains details on potential hazards, precautions and first aid measures, as well

as information on environmental impact and disposal of used products.

TOTACHI INDUSTRIAL CO. LTD. disclaims any liability in case the product is used with violation of these instructions and warnings or it is not used for its intended purpose. Before using product other than intended, consult your local TOTACHI® distributor.
